USING YOUR 1998 NUMISMATIC DEALER DIRECTORY

Your 1998 NDD provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under J, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under L, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name.** For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "J". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the 1998 Numismatic Dealer Directory to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the 1998 Numismatic Dealer Directory without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The CDN will strictly respond to any and all violations of the CDN copyright.

Every precaution has been taken to avoid errors and omissions in the 1998 Numismatic Dealer Directory, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The 1998 NDD listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the 1998 NDD, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The 1998 Numismatic Dealer Directory has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is *not* an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

There's only one...

There's only one Steve...

There's only one Steve Ivy, and as one of America's most respected numismatists, he is easy to find - on the bourse or at Heritage. But when you need to mail to him as well as the more than 5,000 other numismatists in America, you will quickly discover that

There's only one source...

There's only one source for the most complete, most accurate, and most up-to-date listing of dealers in America, and that's the **1998 Numismatic Dealer Directory**. Our current NDD list is available for rental, and at only \$325, is well below the price normally charged for specialized lists. When you want to mail to every dealer in the **NDD** (or just the dealers in California, or the Mid-Atlantic states), you will soon discover that

There's only one practical way to mail...

There's only one practical way to mail to every dealer in the **NDD**, and that's to buy labels from the source. Why? We know how long it takes to type 5,000+ labels, but even more important, our labels will be up-to-date. We know how many changes occur *after* the **NDD** is printed, because we update our database every day! You want your mailing to be delivered, because returned mail generates no profits. And you can choose between First-Class and Third-Class mailing rates. Contact us for details.

WE CAN CREATE A LEGEND FOR YOU

- ★ Legend Numismatics carries an extensive inventory of PCGS & NGC certified coins: 1/2¢ thru Gem Proof \$20. In 1997 we offered over 3,500 coins worth more than 8 million dollars in Opportunity Knocks, our monthly newsletter.
- ★ Last year we located and placed 2.7 million dollars worth of coins for our want list customers.
- ★ Members of Legend Numismatics personally attend every major show and auction that is held.
- ★ Members of Legend Numismatics' staff have experience of over 20 years as full time coin dealers. Few other firms have the experience, abilities and contacts equal to Legend.
- ★ Quality is our obsession. We know you can't build a great collection without it!
- ★ We don't mess around. We've seen other dealers who make outrageous claims, play games, and B.S. the customer. That's not Legend. Repeat business/true loyalty is what we're about. We have the record to prove it!
- ★ Your business is important to us. Whether it's building your dream collection or just adding a coin to a set, Legend Numismatics is 100% committed to helping you attain your goals and making your numismatic experience with us both enjoyable and rewarding.

Call or write for a free copy of Opportunity Knocks.

Each issue contains hundreds of fresh high quality coins and a brief review of the market.

The **PCI** Capsule...

- ✓ \$7⁵⁰ PER COIN
- ✓ 6-DAY SERVICE

Tells why more people
are turning to **PCI**

- ☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.
- ☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.
- ☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).
- ☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.
- ☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!
- ☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

VarietyPlus...

Consistent Grading Standards *plus* Accurate Attribution

Desirable NGC Attribution

Full, accurate attribution information is prominently displayed, so sellers get a more complete description and buyers a confident purchase.

Environmental Protection

The recognized leadership of NGC's safety holder is a great way to begin protecting your collection from many environmental hazards.

Consistent, Accurate Grading

Consistent, accurate grading, the hallmark of NGC certification, is appreciated and respected by thousands of dealers and collectors worldwide.

Peace of Mind

Security measures like our barcode, coin ID, tamper-evident and stackable holder, security hologram, and other measures provide greater security for your variety coins.

Precision Design

Our pliable, chemically inert inserts are designed to tolerances so precise that we must gently bend the insert to place your coin inside, snug and secure from rattling.

"I like NGC's variety attribution and grading service for 'Top 100' coins because my coins have the VAM variety and the 'Top 100' name right on the label. I feel confident my valued coins will be protected in NGC holders well into the future, and when it comes time to sell, I believe NGC VarietyPlus holders will attract a greater number of potential buyers."

Michael S. Fey, Ph.D.

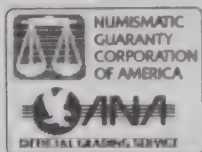

co-author, *The Top 100 Morgan Dollar Varieties, The VAM Keys*

\$5 for NGC Attribution

**Sight-Unseen Market Quiet, But Steady
Long Beach Bullet Sale Offers Variety**

The sight-unseen market for 1997 was quiet (although there is a small increase in volume) but steady. The market for sight-unseen coins is still very active, but the volume is not as high as it was in the early 1990s. The market for sight-unseen coins is still very active, but the volume is not as high as it was in the early 1990s. Certification does not guarantee perfection. The service is provided as a guide only. The dealer is responsible for the accuracy of the information. The dealer is responsible for the accuracy of the information. The dealer is responsible for the accuracy of the information.

The **Certified Coin Dealer newsletter** ("**Bluesheet**"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the "**Bluesheet**" reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDN** also contains the **AskSheet** listings - at no extra charge!

Over the past nine years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable

price movements, attracting a new generation of collectors. As our **CCDN CMI** (a weekly **Bluesheet** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

The PCI Capsule...

- ✓ \$7⁵⁰ PER COIN
- ✓ 6-DAY SERVICE

*Tells why more people
are turning to* **PCI**

- ☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.
- ☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.
- ☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).
- ☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.
- ☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!
- ☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

HIGH QUALITY NEWSLETTERS

Every Numismatic Library needs copies of the latest addition to the

COIN DEALER newsletter family of publications:

the Backsheet

Now that we have your attention, we really haven't started an additional newsletter — but your library should include **Back Issues** of our publications. Back issues are available two ways:

You can purchase small quantities to fill in missing issues, to obtain articles necessary for your research, or to follow your special interests. You may also combine your order for back issues of any of our publications to obtain the lowest price:

1-10 issues - \$2.50 each • 11-25 issues - \$2.00 each • 26 & over - \$1.50 each

Or, you can purchase **complete sets** of back issues for really dramatic savings:

Complete set of the weekly **Coin Dealer newsletter** (*Greysheet*)

from June 14, 1963 to December 19, 1997, now includes 1761 issues.

At \$1.50 each this would normally cost \$2,641.50 – but a complete set is only \$1750.

Complete set of the monthly **CDN Monthly Supplement**

would normally cost \$384 – but a complete set is only \$250.

Complete set of the **CDN Quarterlies**

from January 1992, to December 1997, now includes 72 issues. a complete set is only... \$60.

Combined weekly **CDN, Monthly Supplement & Quarterlies**

now includes 2089 issues, and extra savings at only \$2000.

Complete set of the weekly **Certified Coin Dealer newsletter** (*Bluesheet*)

from August 22, 1986 to December 19, 1997, now includes 578 issues.

At \$1.50 each this would normally cost \$867 – but a complete set is only \$600.

Complete set of the monthly **Currency Dealer newsletter** (*Greensheet*)

from September 1980 to December 1997, now includes 208 issues.

At \$1.50 each this would normally cost \$312 – but a complete set is only \$250.

For the most complete numismatic pricing library possible, you may order a **COMPLETE** set of all of the Back Issues listed above for only \$2600.

OFFER YOUR CLIENTS THE OPPORTUNITY TO PROFIT FROM PLATINUM

PLATINUM GUILD INTERNATIONAL CAN HELP YOU.

Why Platinum?

You want to offer investments that can make money for both you and your clients. Worldwide platinum demand has risen 73% over the last decade. Meanwhile, supplies are limited: The only major platinum producers are South Africa and Russia. Platinum offers the traditional benefits of a precious metals investment, plus unique profit potential due to its irreplaceable industrial applications and scarce supply. And, as of January 1, 1998 platinum bullion coins and bars are eligible for inclusion in Individual Retirement Accounts.

What is Platinum Guild International (PGI)?

PGI is an international trade association dedicated to creating awareness of platinum as a dynamic investment opportunity. This is accomplished through coordinated public relations, marketing and advertising campaigns as well as investment seminars.

How can PGI help you?

If you are already actively marketing platinum coins and bars, we can help you increase sales. If you wish to begin selling platinum PGI can help you implement a targeted platinum marketing program. Because PGI is available to assist your marketing efforts, your cost of doing business may decline.

PGI offers the following:

- Full color marketing materials
- Timely market information
- Special market updates and comprehensive research reports
- Weekly platinum investment newsletter you can send to clients
- Daily market commentary
- Platinum Video Information

PGI IS YOUR MARKETING RESOURCE.

It is an up-to-date reporting of dealer-to-dealer Bid/Ask prices on rare coins, from the earliest through the most recent issues. For 35 years we have given our subscribers the most comprehensive and unbiased report on the entire coin market, with all the facts necessary to make informed buying and selling decisions. The CDN is published weekly to enable you to keep pace with often dramatically changing price levels. Plus, your subscription includes FREE Monthly and Quarterly supplements. All coin dealers have discovered how invaluable the "Greysheet" is.

The Coin Dealer Newsletter

has been serving dealers for (please check):

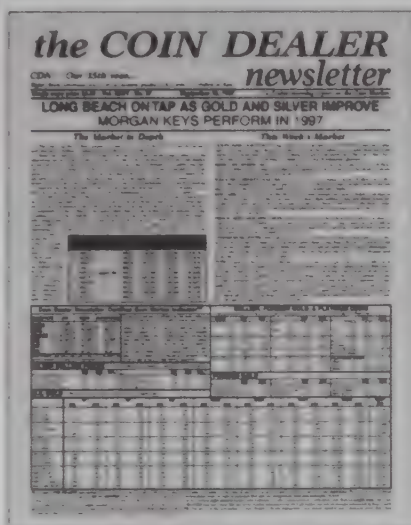

___ 35 Years

___ 23 Years

___ 7 Years

If you checked all three choices, you are correct. The *Greysheet*, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the *Greysheet* is more than just the *weekly* CDN. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings CDN subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent, unbiased* attention, all so that you can make informed buying and selling decisions.

RARE GOLD

If you are a marketer of rare United States Gold coins and you do not receive my wholesale price list, you may be costing yourself money.

I'm one of the largest wholesalers of rare United States Gold coins in the world. I have over twenty years experience in wholesale gold coin sales.

Each week, I put out a "user-friendly" inventory list which contains over \$1 million of choice, fairly priced rare U.S. Gold coins.

I specialize in PCGS and NGC graded U.S. Gold coins struck from 1795 to 1900 in Very Fine to Mint State grades.

Comprehensive support material is available. I can increase your sales and make it easier for you to sell rare U.S. Gold coins.

BUYING ALL BETTER DATE GOLD ESPECIALLY WANT THE FOLLOWING TWENTY DOLLAR GOLD PIECES

1850-1876 TWENTY DOLLAR AU 53 - MS 65

IF YOU HAVE COINS TO SELL

YOU'LL BE HAPPY TO KNOW THAT THERE IS A LOT OF CASH IN CALIFORNIA AND MOST OF IT IS AT SPECTRUM NUMISMATICS!

Spectrum Numismatics, one of the largest buyers of rare coins in this country, desperately needs your coins. Whether it's a \$2,000,000 1804 Dollar, or a \$30 common date Morgan Dollar, Spectrum desperately needs to buy all of your coins. The *King of Cash* must spend over one million dollars per week to satisfy its coin hungry clients. In fact, lately, there have been many days when Spectrum's customers have purchased more than half a million dollars worth of coins in a single day! The *King of Cash* has no choice. Spectrum must buy your coins or lose its customers. That's why Spectrum can treat you like no other coin company can. That's why you can sell your coins to the *King of Cash* and then smile all the way to the bank.

HERE'S WHAT YOU WILL GET FROM THE KING OF CASH

Every time you sell coins to Spectrum Numismatics, you can be sure you will receive the following:

1. The absolute highest possible price for your coins. Spectrum must buy your coins to keep its clients satisfied. Nobody pays more than the *King of Cash*!
2. Immediate payment. Spectrum Numismatics is one of the best financed rare coin companies in history. The *King of Cash* can pay you on the spot, wire your bank, or Federal Express you a check.
3. Spectrum wants to buy your pre-1950 coins. That's why our name is Spectrum, we buy it all. Spectrum's diverse mix of world-class numismatists are experts in all types of coins.
4. If you bump into a deal and don't want to get involved, you can still make money by helping Spectrum purchase the deal. We pay extremely generous finder's fees to anyone who helps us buy coins. In 1997, Spectrum paid \$3,065,845 in finder's fees and commissions!

DO IT FOR THE MONEY!!

If you have rare U.S. coins...any pre-1950 U.S. coins...pick up the phone and call
(714) 955-1250, to get your piece of the action and your share of the cash!
Call collect and tell them you want to talk to the *King of Cash*.

WHY the Coin Dealer newsletter family of publications remains the UNDISPUTED PRICING LEADER

The Broadest Source of Information...

Our comprehensive (and often exclusive) sources of trading information allow the CDN to report coin market activity in the most thorough manner possible. Our senior staff monitors all daily teletype buying and selling messages; we carefully evaluate sight-unseen and sight-seen Bids and Asks on all computer systems, auction results, private treaty sales between dealers (often unpublicized), and every other source of wholesale pricing information. Our dealer-to-dealer Bid & Ask levels are thoroughly and realistically researched—giving our subscribers all of

to subscribers is obvious! Since the CDN has no "position" in the market, it is able to report price changes in a frank and unbiased manner.

The Reliability of Independence...

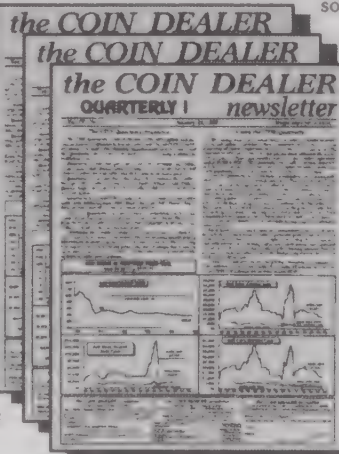

The CDN does not use the "Panel of Experts" approach. Although our contact with dealers, big & small, is constant, we do not simply use prices submitted by any dealer or group of dealers. Logic dictates that this approach would not be in the best interest of our subscribers. 'Input' from dealers is certainly important — but must be carefully weighed against all our other sources of dealer-to-dealer trading information.

the facts needed to make informed buying and selling decisions!

The Assurance of Accuracy...

The CDN does not buy or sell coins, nor do staff members. Here the

advan-

The Most Complete Market Coverage Available...

Our publications cover the *entire* coin market, not just 'selected issues'. Subscribers to the CDN receive the weekly *Coin Dealer newsletter* (the "Greysheet"), featuring up-to-date information on the most important and fast-moving market segments. At no extra charge, they also receive the *CDN Monthly Supplement*, providing pricing in all tradeable grades of complete series listed by date (i.e. all Barber coinage), and the *CDN Quarterly* (one section is issued every month). Every regular issue U.S. coin is accurately priced; tens of thousands of prices are updated monthly!

Subscribers to the *Certified Coin Dealer newsletter* (the "Bluesheet") receive weekly reports of the most important PCGS and NGC certified coins trading in the wholesale marketplace. Additional pricing supplements every month cover PL Morgans, Early Gold, Better Date Issues, Matte Proofs, Standing Lib Quarters, Franklin Halves, and St. Gaudens \$20s. Once each month we cover selected issues certified by ANACS, PCI, INS, and NCI as well. And now, once a month, the "Bluesheet" also includes Ask & Trade prices; your buying and selling decisions require this information, found only in the CCDN—and all for the same low price.

Currency dealers and collectors all turn to the *Currency Dealer newsletter* (the "Greensheet") for the wholesale prices needed to actively participate in the joys of collecting paper money. Large & small sized U.S. issues are covered, in multiple grades — all the way from VG to Gem CU. This is the market's only

source for dealer-to-dealer pricing information.

In-Depth Analyses & Market Comment...

All of our publications give you more than just pricing charts — we also feature market analysis through our regular columns and special guest features, charts, graphs and indices. Need a thorough examination of a certain series? We have probably covered it! Our analyses have long been hailed as the definitive studies of

the areas covered.

Experience Still Counts for Everything...

The CDN has reported on coin market activity for more than 35 years, and our senior staff shares more than a century of professional numismatic experience. This unparalleled experience places the CDN in the unique and enviable position to accurately evaluate the enormous volume of information received each week from all sources. Looking for consistency? The CDN's very first pricing analyst (in 1963) is one of the owners—and still pricing!

Lowest Cost & Best Service...

Price is important—especially these days. Subscribers to the CDN receive 75 issues for their yearly \$98; that's a little more than a dollar per valuable issue. *Bluesheet* subscribers receive 51 weekly issues plus all of the Supplemental charts for only \$117 annually — and receive for free the *Asksheet* prices that previously cost \$45! You can save the cost of an entire year's subscription on your first purchase or sale — why risk making an uninformed decision in this volatile market?

Reliability is Critical...

The CDN began publication in 1963; we are now in our 36th year of providing our subscribers with market information that is reliable, accurate, independent & timely. Imagine, timely delivery every week for more than thirty-two years! This is certainly a record by any standard, and one that we intend to keep intact. Any price you get elsewhere will be less than you deserve — even when their pricing sections are based on our CDN prices, they will still be weeks out of date before they begin to even think of publishing! Anything less is of little use to participants in the market who need to keep pace with ever-changing prices.

If Your Local Dealer Can't Be Without His CDN family, How Can You?

Take a look around! You will find that every dealer refers to our family of publications — as they have for over thirty-two years!
